

PROGRAM:	ERASMUS+
ACTION / SUBPROGRAM:	Key Action 2 / Strategic Partnerships
PROJECT TITLE:	“OSH+ for the European Agriculture sector - Stimulating growth in rural areas through capacity building for providers (and beneficiaries) of occupational medicine and OSH services”
DOCUMENT:	O 3 - Course 2 Training Curriculum & Accreditation Dossier - Occupational Physicians

INTELLECTUAL OUTPUT 3

Course 2 Training Curriculum & Accreditation Dossier

Occupational Physicians

Course 2 Training Modules

NR CRT	MODULE NO AND NAME	TIME
1.	Agriculture and Work / Occupational Health / Workplace Health Promotion	5 hours
2.	Economic sub-sectors within agriculture (raising cattle, raising sheep, cereals farms, fish farming, seafood farming, etc. – there are 15 identified according to the Romanian NACE system classifying economic sectors)	2 hours
3.	Professional Risks - Risk Assessment in Agriculture	3 hours
4.	Work related accidents in Agriculture	1 hours
5.	Occupational diseases in Agriculture – statistics in the countries of the project	1 hours
6.	Skin diseases for employees working in Agriculture	1 hours
7.	Respiratory diseases for employees working in Agriculture	3 hours
8.	Cardiovascular diseases for employees working in Agriculture	2 hours
9.	Extreme temperatures in Agriculture - health challenges	2 hours
10.	Infectious diseases for employees working in Agriculture	3 hours
11.	Musculoskeletal diseases for employees working in Agriculture	4 hours
12.	Mental health and wellbeing in the agriculture sector	2 hours
13.	Diseases of the eyes and ENT (ear-nose-throat) for employees working in Agriculture	2 hours
14.	Chemical substances & Poisoning & Toxicology in Agriculture	3 hours
15.	Vulnerable groups working in agriculture (seasonal workers, part time workers, women, child labor, self-supporting households & farming, etc.)	1 hours
16.	Occupational cancer - practical aspects	2 hours

Module 1:

Name of the Module	Agriculture and Work / Occupational Health / Workplace Health Promotion
Aims of the Module	<ul style="list-style-type: none"> – The trainee should be able to understand recent trends in agriculture, the weight of this industry within the economy of a country as well as its rich diversity of subsectors, work relationships, and organizational-related issues; – The trainee should recognize agriculture as a challenging field for OHS specialists in terms of hazards, risks, pathologies, and related issues; – The trainee should be able to comprehend the relationship between types of subsectors, types of companies, types of exposures and most feasible workplace health promotion measures and programs.

Total number of training hours	10
Number of hours allocated for the face-to-face training*	5
Number of hours allocated for the e-learning / individual study	5

Type of Materials used	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	No
	Individual Exercise/s	Yes
	Glossary	Yes
	Other type of work	Presentation of additional resources (other guidelines, ELWHP manual)

Overall Responsible	Romtens (Romania)
Experts responsible for producing training materials	Theodor HARATAU Elena-Ana PAUNCU
Responsible experts for delivering the face-to-face training – C4	Elena-Ana PAUNCU Theodor HARATAU
Peer Review Responsible	Prof. Dr. Lutgart Braeckman Dr. Maurits de Ridder

Module 2:

Name of the Module	Economic sub-sectors within agriculture (raising cattle, raising sheep, cereals farms, fish farming, seafood farming, etc. – there are 15 identified according to the Romanian NACE system classifying economic sectors)
Aims of the Module	<ul style="list-style-type: none"> – Understand which are the main features for each of the sub-sectors of agriculture;

	<ul style="list-style-type: none"> – Understand which are the main operations, tools and equipment used, chemical substances used, and related circumstances (weather, season-related, types of personnel, etc.) for each of the sub-sectors of agriculture; – Understand the hazards and risk factors which are specific for each of the sub-sectors of agriculture;
--	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Total number of training hours	4
Number of hours allocated for the face-to-face training	2
Number of hours allocated for the e-learning / individual study	2

Type of Materials used	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	No
	Individual Exercise/s	Yes
	Glossary	Yes
	Other type of work	European Reports, Presentation of additional resources (statistics from the INSSE)

Overall Responsible	Romtens (Romania)
Experts responsible for producing training materials	Marian BURA Octavian Sorin VOIA Eliza SIMIZ Aurica BOROZAN Theodor HARATAU
Responsible experts for delivering the face-to-face training – C4	Theodor HARATAU
Peer Review Responsible	Dr. Maria Dolores Sole

Module 3:

Name of the Module	Professional Risks - Risk Assessment in Agriculture
Aims of the Module	<ul style="list-style-type: none"> – To provide an overview of occupational hazards including how to classify, manage and assess risk. – To establish occupational hazards relevant to agriculture and the current prevention and protection measures within the agriculture sector.

Total number of training hours	6
Number of hours allocated for the face-to-face training	3
Number of hours allocated for the e-learning / individual study	3

Type of Materials used	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	Yes
	Individual Exercise/s	Yes
	Glossary	Yes
	Other type of work	European Reports, Presentation of additional resources (movies, tutorials, statistics)

Overall Responsible	WRC (Ireland)
Experts responsible for producing training materials	Aoife OSBORNE Richard WYNNE
Responsible experts for delivering the face-to-face training – C4	Toaje Elena-Monica
Peer Review Responsible	Dr. Maria Dolores Sole

Module 4:

Name of the Module	Work related accidents in Agriculture
Aims of the Module	– To provide an overview of workplace accidents in the EU-28 and workplace accidents in agriculture in Bulgaria, Greece, Ireland and Romania.

Total number of training hours	2
Number of hours allocated for the face-to-face training	1
Number of hours allocated for the e-learning / individual study	1

Type of Materials used	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	No
	Individual Exercise/s	Yes
	Glossary	Yes
	Other type of work	Presentation of additional resources (movies, tutorials, statistics)

Overall Responsible	WRC (Ireland)
Experts responsible for producing training materials	Richard WYNNE Aoife OSBORNE
Responsible experts for delivering the face-to-face training – C4	Toaje Elena-Monica
Peer Review Responsible	Dr. Maria Dolores Sole

Module 5:

Name of the Module	Occupational diseases in Agriculture – statistics in the countries of the project
Aims of the Module	<ul style="list-style-type: none"> – The trainee should be able to understand the concepts of occupational diseases, work-related diseases – The trainee should be aware of the great diversity in reporting OD in EU – The trainee should be able to understand and analyze available statistical data on occupational diseases – The trainee should be able to use the National Occupational Diseases List and to sustain the diagnostic of an occupational disease.

Total number of training hours	2
Number of hours allocated for the face-to-face training	1
Number of hours allocated for the e-learning / individual study	1

Type of Materials used	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	No
	Individual Exercise/s	Yes
	Glossary	Yes
	Other type of work	European reports

Overall Responsible	Prolepsis (Greece)
Experts responsible for producing training materials	Elena-Ana PAUNCU
Responsible experts for delivering the face-to-face training – C4	Elena-Ana PAUNCU
Peer Review Responsible	Dr. Alenka Skerjanc

Module 6:

Name of the Module	Skin diseases for employees working in Agriculture
Aims of the Module	<ul style="list-style-type: none"> – To help trainees to understand and learn basic concepts of the following occupational skin diseases: <ul style="list-style-type: none"> ▫ Contact dermatitis (CD), which is deviated to irritant contact dermatitis (ICD) and allergic contact dermatitis (ACD); ▫ Skin diseases related with sunlight exposure; ▫ Bacterial diseases (Bacterial diseases, Cutaneous tuberculosis, Cutaneous Leishmaniosis); ▫ Mechanical trauma;

Total number of training hours	2
Number of hours allocated for the face-to-face training	1
Number of hours allocated for the e-learning / individual study	1

Type of Materials used	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	No
	Individual Exercise/s	Yes
	Glossary	Yes
	Other type of work	Presentation of additional resources (movies, tutorials, statistics)

Overall Responsible	FBCZR (Bulgaria)
Experts responsible for producing training materials	Radka KIRILOVA TAFRADJIISKA – HADJIOLOVA Ljupcho KOCHOVSKI Boryana VELKOVA
Responsible experts for delivering the face-to-face training – C4	Elena-Ana PAUNCU
Peer Review Responsible	Prof. Dr. Jasminka Godnic-Cvar

Module 7:

Name of the Module	Respiratory diseases for employees working in Agriculture
Aims of the Module	<ul style="list-style-type: none"> – To help trainees to understand and learn basic concepts of the following respiratory diseases in the rural environment: <ul style="list-style-type: none"> ▫ Occupational allergic rhinitis ▫ Occupational asthma ▫ Extrinsic allergic broncho-alveolitis ▫ Organic dust toxic syndrome (ODTS) ▫ Byssinosis ▫ Chronic laryngitis, laryngeal cancer, lung cancer and mesothelioma, pulmonary fibrosis

Total number of training hours	6
Number of hours allocated for the face-to-face training	3
Number of hours allocated for the e-learning / individual study	3

Materials used	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	No
	Individual Exercise/s	Yes
	Glossary	Yes

Other type of work	Presentation of additional resources (movies, tutorials, statistics)
--------------------	----------------------------------------------------------------------

Overall Responsible	Romtens (Romania)
Experts responsible for producing training materials	Florin-Dumitru MIHĂLȚAN Agripina RAȘCU Alexandra RAȘCU Andreea VLĂDĂU Vali COȘEI Elena-Ana PAUNCU
Responsible experts for delivering the face-to-face training – C4	Andreea VLADAU
Peer Review Responsible	Dr. Alenka Skerjanc

Module 8:

Name of the Module	Cardiovascular diseases for employees working in Agriculture
Aims of the Module	<ul style="list-style-type: none"> To highlight the main risk factors for cardiovascular disease that can be related to agricultural work, the main cardiovascular diseases found in farmers, emphasizing on prophylaxis and early detection, as well as explaining the possible course of treatment and its impact on agricultural worker.

Total number of training hours	4
Number of hours allocated for the face-to-face training	2
Number of hours allocated for the e-learning / individual study	2

Type of Materials used	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	Yes
	Individual Exercise/s	Yes
	Glossary	Yes
	Other type of work	Presentation of additional resources (movies, tutorials, statistics)

Overall Responsible	UMFVBT (Romania)
Experts responsible for producing training materials	Vlad MORARIU
Responsible experts for delivering the face-to-face training – C4	Vlad MORARIU
Peer Review Responsible	Prof. Dr. Lutgart Braeckman

Dr. Maurits de Ridder

Module 9:

Name of the Module	Extreme temperatures in Agriculture - health challenges
Aims of the Module	<ul style="list-style-type: none"> - To help occupational physicians to understand the health risks associated with working in extreme heat and cold situations, - To learn the basic concept of homeostasis and thermal comfort, and - To suggest reasonable solutions for workplaces.

Total number of training hours	4
Number of hours allocated for the face-to-face training	2
Number of hours allocated for the e-learning / individual study	2

Type of Materials used	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	No
	Individual Exercise/s	Yes
	Glossary	Yes
	Other type of work	Expert reviews, journals

Overall Responsible	Romtens (Romania)
Experts responsible for producing training materials	Mihaela STOIA
Responsible experts for delivering the face-to-face training – C4	Mihaela STOIA
Peer Review Responsible	Prof. Dr. Begoña Martínez Jarreta

Module 10:

Name of the Module	Infectious diseases for employees working in Agriculture
Aims of the Module	<ul style="list-style-type: none"> - This module aims at providing Occupational Physicians/professionals with a user-friendly education and reference tool focusing on their needs for their everyday work

Total number of training hours	6
Number of hours allocated for the face-to-face training	3
Number of hours allocated for the e-learning / individual study	3

Type of Materials used	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	Yes
	Individual Exercise/s	Yes
	Glossary	Yes
	Other type of work	2 docs : Fact Sheet

Overall Responsible	Prolepsis (Greece)
Experts responsible for producing training materials	Anastasia PANDAZOPOULOU Agoritsa BAKA Anya McDERMOTT Pania KARNAKI Athena LINOS
Responsible experts for delivering the face-to-face training – C4	Elena-Ana PAUNCU
Peer Review Responsible	Prof. Dr. Jasminka Godnic-Cvar

Module 11:

Name of the Module	Musculoskeletal diseases for employees working in Agriculture
Aims of the Module	<ul style="list-style-type: none"> – The trainee understands the difference between work-related and non-work related MSD. – The trainee illustrates that MSD are most often multifactorial in nature – The trainee exemplifies the theoretical framework for work-related MSD – The trainee describes work in terms of physical demands, activities, posture/movements/applied forces and mechanical workload – The trainee recalls physical risk factors for non-specific low back pain in terms of frequency, level and /or duration – The trainee describes effective measures for counseling a worker with non-specific low back pain – The trainee mentions examples of effective ergonomic measures for prevention of non-specific low back pain

Total number of training hours	8
Number of hours allocated for the face-to-face training	4
Number of hours allocated for the e-learning / individual study	4

Type of Materials used	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	Yes
	Individual Exercise/s	Yes
	Glossary	Yes
	Other type of work	Movies

Overall Responsible	UMFVBT (Romania)
Experts responsible for producing training materials	Elena-Ana PAUNCU
Responsible experts for delivering the face-to-face training – C4	Elena-Ana PAUNCU
Peer Review Responsible	Dr. Alenka Skerjanc

Module 12:

Name of the Module	Mental health and wellbeing in the agricultural sector
Aims of the Module	<ul style="list-style-type: none"> – To understand the concepts of mental health and wellbeing and mental illness – To be aware of the manifestations of mental health issues in the agricultural workplace – To be aware of how to conduct a psychosocial risk assessment for occupational stress in agricultural workplaces – To be aware of OSH, WHP and RTW issues in relation to mental health issues in the workplace – To be able to construct a cross-settings approach to mental health issues in family farms

Total number of training hours	4
Number of hours allocated for the face-to-face training	2
Number of hours allocated for the e-learning / individual study	2

Type of Materials used	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	No
	Individual Exercise/s	Yes
	Glossary	Yes
	Other type of work	Presentation of additional resources

Overall Responsible	WRC (Ireland)
Experts responsible for producing training materials	Richard WYNNE

Responsible experts for delivering the face-to-face training – C4	Theodor HARATAU
Peer Review Responsible	Prof. Dr. Begoña Martínez Jarreta

Module 13:

Name of the Module	Diseases of the eyes and ENT (ear-nose-throat) for employees working in Agriculture
Aims of the Module	<ul style="list-style-type: none"> – Define and classify occupational hazards and risks regarding eye disorders – Understand the process of risk management and risk assessment – Recognise common occupational hazards relevant for appearance of eye disorders at agriculture workers. – Be aware of the prevention and eye protection measures within the agriculture workers

Total number of training hours	4
Number of hours allocated for the face-to-face training	2
Number of hours allocated for the e-learning / individual study	2

Type of Materials used	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	No
	Individual Exercise/s	Yes
	Glossary	Yes
	Other type of work	Presentation of additional resources (movies, tutorials, statistics)

Overall Responsible	Romtens (Romania)
Experts responsible for producing training materials	Felicia POPESCU
Responsible experts for delivering the face-to-face training – C4	Felicia POPESCU
Peer Review Responsible	Prof. Dr. Lutgart Braeckman & Dr. Maurits De Ridder

Module 14:

Name of the Module	Chemical substances & Poisoning & Toxicology in Agriculture
Aims of the Module	<ul style="list-style-type: none"> – To help occupational physicians to understand the health risks associated with chemical substances used or accidentally released in agricultural systems, to recognize, diagnose, treat and prevent poisoning.

Total number of training hours	6
Number of hours allocated for the face-to-face training	3
Number of hours allocated for the e-learning / individual study	3

Type of Materials used	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	Yes
	Individual Exercise/s	Yes
	Glossary	Yes
	Other type of work	Presentation of additional resources (movies, tutorials, statistics)

Overall Responsible	Romtens (Romania)
Experts responsible for producing training materials	Mihaela STOIA
Responsible experts for delivering the face-to-face training – C4	Mihaela STOIA
Peer Review Responsible	Prof. Dr. Begoña Martínez Jarreta

Module 15:

Name of the Module	Vulnerable groups working in agriculture (seasonal workers, part time workers, women, child labor, self-supporting households & farming, etc.)
Aims of the Module	<ul style="list-style-type: none"> – Define vulnerability in an occupational health setting – Identify what groups are considered to have special risk in agricultural occupational settings – Identify special health risks particular to each vulnerable group – Identify specific prevention methods for each vulnerable group discussed in the module – Familiarize themselves with vulnerability assessment tools

Total number of training hours	2
Number of hours allocated for the face-to-face training	1
Number of hours allocated for the e-learning / individual study	1

Type of Materials	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	No
	Individual Exercise/s	Yes

	Glossary	Yes
	Other type of work	Presentation of additional resources (movies, tutorials, statistics)

Overall Responsible	Prolepsis (Greece)
Experts responsible for producing training materials	Paloma Ellis Montalban Fotis Tsihclas Pania Karnaki Dina Zota
Responsible experts for delivering the face-to-face training – C4	Felicia POPESCU
Peer Review Responsible	Prof. Dr. Lutgart Braeckman & Dr. Maurits de Ridder

Module 16:

Name of the Module	Occupational cancer - practical aspects
Aims of the Module	<ul style="list-style-type: none"> – The trainee identifies sources of carcinogens at the workplace; – The trainee explains the principles of occupational cancer diagnose; – The trainee summarizes the principles of cancer prevention in agriculture; – The trainee gives examples how to manage potential cases of occupational cancer.

Total number of training hours	4
Number of hours allocated for the face-to-face training	2
Number of hours allocated for the e-learning / individual study	2

Type of Materials used	Manual	Yes
	Presentation	Yes
	Collective Exercise/s	No
	Individual Exercise/s	Yes
	Glossary	Yes
	Other type of work	Movies on Internet

Overall Responsible	UMFVBT (Romania)
Experts responsible for producing training materials	Elena-Ana PAUNCU
Responsible experts for delivering the face-to-face training – C4	Elena-Ana PAUNCU
Peer Review Responsible	Dr. Alenka Skerjanc
